

VSC's HERO DRIVERS

The VSC was well represented at the ODHDC Happy Heroes' Holiday Hangover Hassle. This 45th annual edition places it second by 6 months to Road America as the longest continuously held autosport event in the Chicago area. Run on New Years Day it was once again "The best rally so far this year." The outer Drive Hero Drivers is a mythical disorganization noted for conducting the most madcap, fun filled car events.

Since the winner has to put on the following year's event the results are always a nail biter right up to the end. Second place finishers celebrate more than outright winners. The results by VSC members were quite impressive and are as follows:
